ALLOWANCE

1. The following is an Allowance in response to the communication received on April 19, 2011. Claims 1, 28 and 39 have been amended. Claims 1-58 are now pending in this application.

Reasons for Allowance

2. Claims 1-58 are allowed.

3. The following is an examiner's statement of reasons for allowance:

As per claims 1-58, none of the prior art of record, taken individually or in any combination, teach, *inter alia*, a plurality of members, supporters or contributors at respective user terminals of a computer system connected to a communications network accessing a preparation tool or computer program within a computer processing unit of a charity or not-for-profit organization server or communication network; the plurality of members, supporters or contributors through the user terminal selecting a respective level of sponsorship of a plurality of sponsorship levels where a cost associated with each level of the plurality of sponsorship levels is commensurate with various levels of monetary giving from the member, supporter or contributor to the governmentally recognized not-for-profit organizations; the members, supporters or contributors preparing respective messages in support of the organization using the preparation tool or computer program; the computer processing unit receiving a respective monetary pledge or contribution from the plurality of members, supporters or contributors on behalf of the recognized not-for-profit organization based upon the

selected sponsorship level; and the computer processing unit processing the respective messages at the server connected to the communications network in preparation for placing the message in an charity or not-for-profit organization ad-book; and the computer processing unit consolidating the respective messages from the plurality of members, supporters or contributors into the charity or not-for-profit organization ad-book where the consolidated messages define the charity or not-for-profit organization ad-book, where the charity or not-for-profit organization ad-book or related print publication is a fundraising vehicle and the governmentally recognized not-for-profit organizations, members or supporters of the organization solicit for or place the messages to make contributions to the organization and wherein at least some of the messages in the charity ad-book or related print publication contain laudatory statements about the governmentally recognized not-for-profit organization, its activities or its members or its mission or cause.

Furthermore, the 37 CFR 1.131 Affidavit submitted on January 26, 2011 was found sufficient to overcome the Lomangino reference, which was deemed to be the closest prior art.

4. The prior art most closely resembling Applicant's claimed invention are Lomangino et al. U.S. Pub. No. 2002/0052756 and Gruber et al. U.S. Pub. No. 2002/0073026.

Lomangino teaches a system for facilitating donations. However, Lomangino was overcome by the 37 CFR 1.131 Affidavit submitted on January 26, 2011.

Gruber teaches a system for interactive fundraising over a network. However, Gruber does not expressly disclose the allowable subject matter as discussed above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
